## **Agricultural Technician**

REA has an opportunity for an Agricultural Technician.

REA is a consulting firm serving the agricultural community for the last 34 years. We work with our clients to solve challenges faced by today's agricultural community. We strive to provide exceptional service to create lasting relationships with our clients. REA is an equal opportunity employer that provides a collaborative environment to support our staff.

### **Responsibilities**

- Conduct topographic surveys for use in designs
- Utilize AutoCAD Civil3D to draft the designs of agricultural projects
- Completing redline revisions to plans
- Construction staking and documentation
- Complete record drawings of as-constructed plans

### **Required Skills and Experience**

- Associate's degree in Civil Engineering Technology or related degree
- 2+ years of prior design and construction observation experience with agricultural facilities
- Experience with total station and GPS surveying equipment
- Experience with Civil 3D

REA provides a complete benefit package including medical and dental insurance, a 3% employer contribution retirement plan, paid time off and holidays.

If you are interested in this position, please email a cover letter and resume to [dan@reaeng.com](mailto:dan@reaeng.com).
